Recent Projects

Pesantren Go Digital

Pesantren Go Digital is a solution developed by Telkom Indonesia (and in joint development with PT. Indokarya Optima) to digitize the Pesantren Institution segment. In Pesantren Go Digital, the website offers various solutions including information facilities, education, commerce, connectivity, and social development to build in the go digital Pesantren program to stay ahead of developing society and better education.
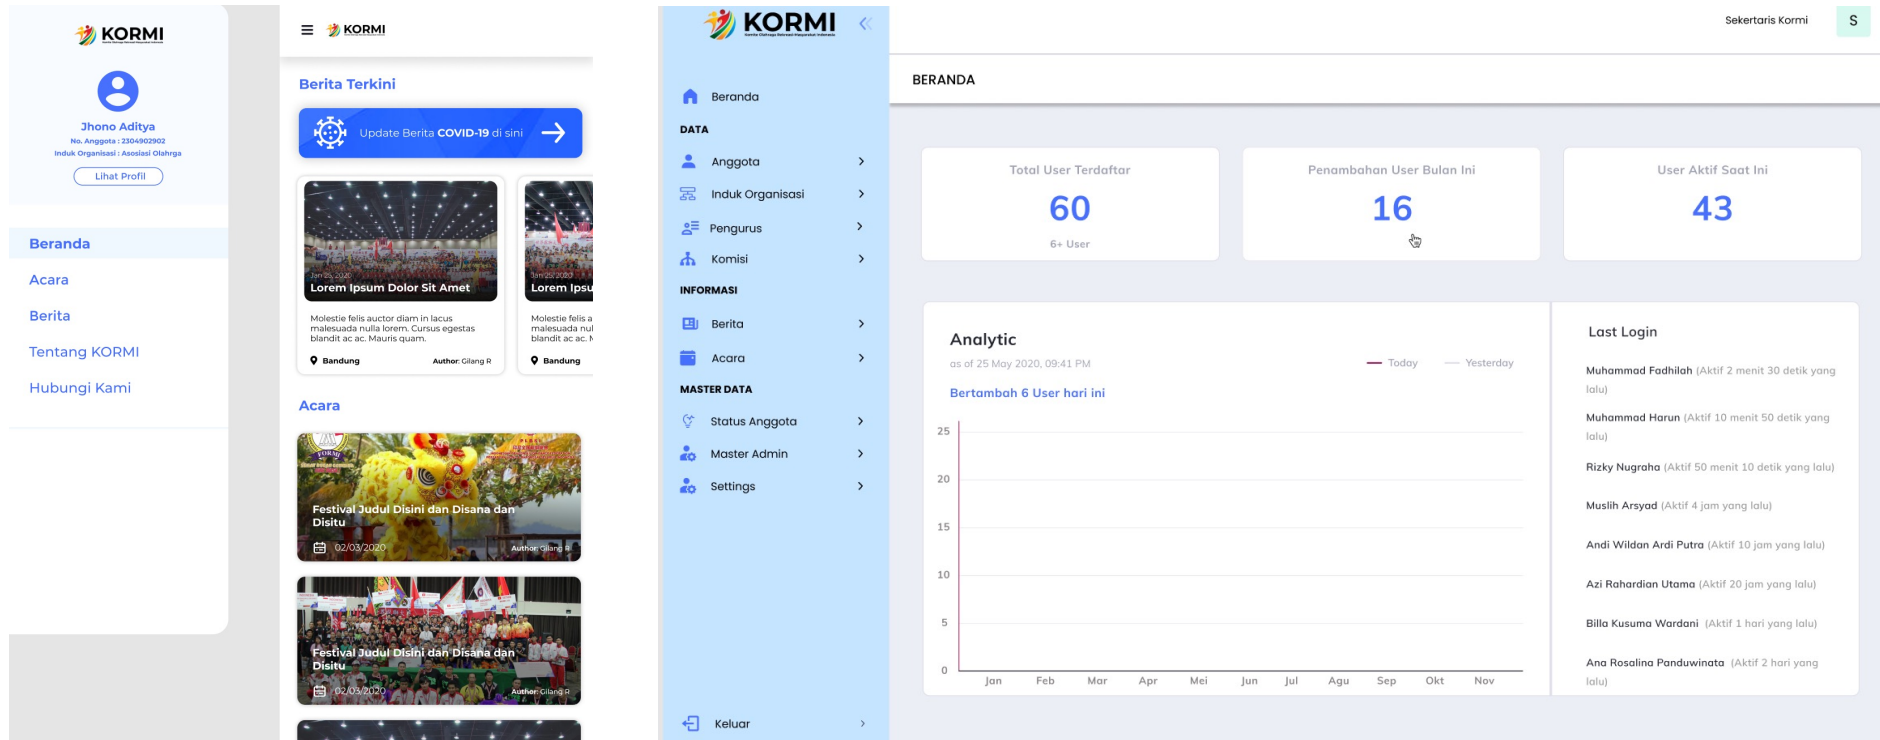

Recent Projects

MASATA (Masyarakat Sadar Wisata)

In a joint development with PT. Indokarya Optima, RCD handle a solution digital development by Telkom Indonesia for MASATA which engaged in Indonesia tourism. As a community organization, MASATA needs a place to accommodate the aspirations of their members to share news, events, tourism promotional items and helps UMKM to growth by selling merchandise (commerce), etc. And based on their needs, we offers to creating paid mobile application and CMS specifically for their members.

Recent Projects

K O R M I
(Komite Olahraga dan Rekreasi Masyarakat Indonesia)

In a joint development with PT. Telkom Indonesia & PT. Indokarya Optima, RCD provides solutions for paid mobile application and CMS for KORMI, an organization which engaged in sports sector. We helps KORMI to digitize their database by registering each member in each parent sports organization spread throughout Indonesia. As for the paid mobile application version, each member who already registered will get any information about their sport organization and their latest events.
